

Fierce Attacks of Germans Are Repulsed by Forces of Allies

For days past the Germans have been pushing their attack, aimed ultimately at French coast ports, but as before, it has been a ding-dong affair, one side making progress, only to lose the ground gained the next night.

POSITION OF ALLIES IS SATISFACTORY

From the point of view of the allies, their position is satisfactory, as the Germans are no nearer their goal than a week ago. There have been tremendous losses. While the capture of a few prisoners and guns from one side or the other is a matter of daily occurrence, fighting has become more severe along the river Aisne, in the Argonne forest, and along the river Meuse between Verdun and Toul, but so far without making any appreciable change in the fronts of the two armies.

The German armies are said by the Russians to have been defeated before Warsaw and Ivangorod. They continue to fall back, and the new Russian front now extends in a semicircle from Lodek, northwest of Warsaw, through Plock and Piotrow and Ostrowo, southwest of Radom.

The Gallies the Russians are having more difficulty in dislodging the Austrians from their positions on the San. It is officially announced that, owing to the Germans making prisoners of all Belgians and Frenchmen of military age in occupied territory, German and Austrian reservists will be arrested on neutral ships. It is declared, however, that the ships will be subjected to as little inconvenience as possible.

ENVOYS PREPARING TO LEAVE CONSTANTINOPLE

CONSTANTINOPLE, October 31 (via London, November 1, 1:35 P. M.).—The ambassadors of Russia, Great Britain and France have received their passports. The Russian and British ambassadors will leave to-night and the French ambassador to-morrow.

INTERESTS IN HANDS OF AMERICAN EMBASSY

WASHINGTON, November 1.—Great Britain and France have placed their interests in Turkey in the hands of the American embassy. The Turkish consul at Havre has turned over his consular duties to the United States, and is preparing, along with other consuls, to leave France.

Turkey will not permit Russian consuls to leave the Ottoman Empire until the Turkish government has been notified by the American embassy of the conduct for Turkish consuls in Russia, according to a telegram from Ambassador Morgenthau today.

The Turkish Minister of the Interior informed Mr. Morgenthau that Turkish warships within the last three days had bombarded Sebastopol.

Serbia has asked the United States, through Mr. Morgenthau, to look after its diplomatic interests at Constantinople, in case of war.

No mention was made in Mr. Morgenthau's dispatches of any declaration of war. Communication with Constantinople was interrupted late last night. The last message received, October 31, mentioned incidentally that the capital was quiet.

The only positive statement that was made had been officially declared between Russia and Turkey, and a private message from a business house in Constantinople to its home office in New York, transmitted through diplomatic channels.

The assumption of officials was that Ambassador Morgenthau had fled a similar message to the department, and that it had been delayed.

STATE OF WAR SHORTLY WILL BE RECOGNIZED

It was taken for granted by officials generally that, even though no declarations may have been made, a state of war between Turkey and the triple entente shortly would be recognized.

Serbia's request that the American government look after her interests in Turkey, and the fact that Turkey was viewed as a consequence of the arrest of Turkish consuls in Russia, when the raid of the ports on the Black Sea was made by the Turkish navy. Their release and safe conduct will be one of the first problems with which Italy will be confronted as guardian of Russian interests in Turkey.

Cable dispatches from the American embassy at Rome confirmed reports that the Italian Cabinet had resigned, but gave no intimation of what course the government would follow toward recent developments in the Levant.

The State Department had no dispatches from the Far East. Officials knew nothing of the German claim that Japan had offered to assist China in suppressing a revolution in the Province of Shan Tung. It was pointed out here that, in view of the state of standing which the United States reached with Japan early in the war, the Washington government expected to be consulted concerning any such extension of operations on the part of the Tokyo government in the Chinese republic. Officials believed they would have been informed of such a step if it had been taken.

NEW BATTLE DEVELOPS IN RUSSIAN POLAND

VIENNA (via Amsterdam to London), November 1 (10:50 P. M.).—The War Office to-night issued the following official statement:

"A new battle has developed in Russian Poland. All attacks on our position have been repulsed.

"The stubborn battle which has been raging several days in the district between the River Vistula and the River San, reflects the flames from burning ships, gas reservoirs and burning houses, set afire by shells from the Japanese and British warships and

Belgian Refugees at Rosendaal, Holland.

This pathetic group of refugees from Antwerp was made at Rosendaal, Holland, on October 10, when the inhabitants of the Belgian city fled from the bombardment by the Germans. Three hundred thousand refugees fled to Holland for safety, and Rosendaal, a border town, was filled to overflowing with pathetic groups such as this. The pitiful look on the youngsters' faces describes more graphically than words the terror of the flight, of which she understands so very little. The bundled-up figure seated on the cart under which the dogs which draw it are resting, is the feeble old grandfather of the little girl. In the basket on his lap is the family cat, which is being taken with them on their flight.

land artillery, which cover infantry rushes.

The Germans are strongly entrenched, having at least thirty fortified positions, 100 guns and elaborate systems of barbed wire entanglements and subterranean mines. Since October 23, there have been casualties daily.

The Kaiser's fort has repelled fiercely. The guns of this fort have done no damage.

It is stated that, as a tribute to the gallantry of Major Waldoen, German governor of Klauchau, no demand for the surrender of Tsinchau has been made.

GERMAN ATTACKS NEAR YPRES REPULSED

PARIS, November 1 (3:05 P. M.).—An official statement issued this afternoon says:

"There is nothing new to report on the Neupont and Dixmude fronts.

"Continued fierce German attacks to the north, east and south of Ypres, all have been repulsed, and we have made slight progress to the north of Ypres and progressed perceptibly to the eastward of this locality.

"At daybreak, hostile forces from the Lys seized Holbeke and Messines, but these two villages were retaken towards evening by a vigorous counter-attack.

"Upon the rest of the battle front violent cannonading and several unsuccessful counterattacks of the enemy occurred to-day.

"The struggle still is very violent in the Argonne region, where the Germans, however, have made no progress.

"According to statistics furnished by our service in the rear, 7,683 German prisoners were interned during the week of October 14-20. These figures do not include convalescent wounded nor detachments ready to be sent to the rear."

WAY TO BRUGES NOW IS OPEN TO ALLIES

LONDON, November 1.—"The way to Bruges now is open to the allies, owing to the fact that the German army has been rendered difficult by inundations of the Yser and the Ypres Canals. Our troops have advanced near Ypres. At least 600 prisoners and some British guns were captured.

"The forces to the westward of Lille have progressed.

"About 1,500 prisoners were taken near Ypres. In the region of Verdun and Toul, there has been only insignificant fighting.

"In the northeast the battle against the Russians still is indecisive."

RUSSIANS PROGRESSING ON EAST PRUSSIAN FRONT

PETROGRAD, November 1.—The Russian general staff makes the following announcement:

"On the East Prussian front our troops are progressing in the region of Wladislavow (government of Suwalki) and the forest of Romenin.

"The German attacks in the region of Galkinzevo have ceased after terrible losses by the enemy.

"Beyond the Vistula we have advanced victoriously along the whole front; we have occupied Petrikau, Opoczno and Ojaroff. On the roads leading to Opatoff, the Russian rear guard of the enemy, took 500 prisoners, captured six rapid-fire guns, convoys and other equipment.

"Upon the San, near Leczawo, a Russian regiment, profiting by the panic among the Austrians, took by assault a temporary fort. Five officers, 500 soldiers and five rapid-fire guns were captured.

"A detachment of the enemy which descended upon the Carpathians and fortified itself near Nadvarna was put to flight."

ALL ENEMY RESERVISTS PRISONERS OF WAR

LONDON, November 1 (5:25 P. M.).—The British official information bureau issued the following to-day:

"In view of the action taken by the German forces in Belgium and France of removing as prisoners of war all persons liable for military service, His Majesty's government has given instructions that all enemy reservists on neutral vessels shall be made prisoners of war."

RUSSIAN STEAMSHIP STOPPED BY BRESLAU

PETROGRAD (via London), November 1 (4:24 P. M.).—The Russian steamship Jerusalem, which has arrived at Odessa from Constantinople, reports that she was overtaken by a Turkish squadron headed by the former German cruiser Breslau, on the night before the Turkish bombardment of Russian ports.

A Turkish battleship ran across the Jerusalem's bow, causing her to reverse her engines. The captain said the entire crew of the Breslau were German uniforms.

Before leaving the Bosphorus the Jerusalem was stopped by two black shots and held for six hours. Later she received a puzzling wireless order to proceed to Crimea. The captain, doubting its genuineness, disregarded this, and later found it not been sent by his company.

FIGHT FOR CONTROL OF NEXT CONGRESS IS CHIEF INTEREST

(Continued From First Page.)

York and Pennsylvania, making few distant campaign trips.

In California, Hiram Johnson, the Progressive Governor, is opposed by John R. Cortin, Democrat, and John D. Frederick, Republican.

In Pennsylvania the Democrats and Republicans have united on Vance O. McCormick, to oppose Martin O. Brumback, the Republican candidate. In few other cases have there been State elections which have attracted national attention.

FORMER PARTY LEADERS TRYING TO 'COME BACK'

Several men, for years prominent in the affairs of the nation, who were re-elected to private life without their consent, are seeking to return. Most of them are Republicans ousted by the Democratic sweep two years ago. The picturesque figure of "Uncle Joe" Cannon, of Illinois, has again emerged into public view by reason of his candidacy for another term in Congress. In the same State, ex-Congressman William B. McKinley, President Taft's campaign manager in 1912, is asking to be returned.

In Ohio, Nicholas Longworth, Colonel Roosevelt's son-in-law, likewise retired in 1912, is again a candidate for Congress. Former Senator Albert J. Beveridge, of Indiana, who left the Republican party for the Progressive, is seeking to regain a place in the upper body.

In Kansas a woman is running for a place on the bench. Mrs. Elizabeth Sheldon is nonpartisan candidate for Supreme Court Justice.

WILL VOTE ON LIQUOR ISSUE

Five States to Decide Prohibition Question Tuesday.

WASHINGTON, November 1.—Statewide prohibition will be voted upon in California, Colorado, Ohio, Oregon and Washington.

The prohibitionists are waging a determined campaign and expect to win in Washington, Oregon and Ohio. Colorado, they admit, is an uncertain quantity and may go either way. In California the indications are that the "wets" will win.

In the following States: Georgia, Kansas, Maine, Mississippi, North Carolina, North Dakota, Oklahoma, Tennessee and West Virginia. In many other States more than half the territory has gone "dry." In Virginia, at a recent election, the State went "dry."

CAMPAIGN MANAGERS ALL PROGRESS CONFIDENCE

NEW YORK, November 1.—Campaign managers in New York all profess confidence of victory. Governor Glynn, who seeks re-election on the Democratic ticket, and District Attorney Charles S. Whitman, Republican opponent, each will make several speeches to-morrow. Former Governor William Sulzer, candidate of the Prohibition and the American parties, to-night predicted an election by a large plurality. Frederick M. Davenport, Progressive nominee, expects to poll a large vote.

ATTEMPT TO MAKE CINCINNATI, OHIO, A 'DRY' STATE

An attempt to make Ohio a prohibition State has been the storm center of the spectacular campaign this year.

State Attorney-General Timothy H. Norman, a Republican, and Arthur L. Garfield, Progressive, are the candidates in an exceedingly close race for United States Senator. Governor James M. Cox, seeking re-election and is opposed by Frank Willis, Republican, and James R. Garfield, Progressive.

"UPHOLD PRESIDENT" IS THE RALLYING CRY

CHICAGO, November 1.—"Uphold the President" has been the rallying cry of the Democratic party in the three-cornered battle for first United States senatorship to be bestowed by Illinois by direct election. Managers for Roger Sullivan, Democratic candidate; Senator Lawrence Y. Sherman, Republican, and Raymond Robins, Progressive, in pre-election claims, declared their nominees would win 75,000 to 100,000.

REGULAR MAJORITIES EXPECTED IN SOUTH

Election on Tuesday in Large Measure Ratification of Choices Made in Primaries.

LITTLE INTEREST IN CAMPAIGN

Enthusiasm Aroused Only in States Where Local Issues Are Involved. Opposition in Each of Ten Districts in Virginia.

ATLANTA, GA., November 1.—Tuesday's election in the "Solid South" will be in large measure but a ratification of the choices made at the Democratic primaries during the past summer and early autumn. Few if any upsets are anticipated.

The Progressive party has shown activity in a number of the Southern States, while Colonel Theodore Roosevelt, with several speeches in support of a Progressive nominee for Congress. Outside of a few States where local issues were involved, the campaign has furnished little of interest. The Democrats are predicting the usual majorities for their tickets.

In Tennessee a bitter fight has been waged between the Republicans supporting Governor Ben W. Hooper for re-election and the Democrats supporting Thomas C. Rye for the chief executive office. A split in the Democratic party four years ago led to the election of Governor Hooper. He was re-elected in 1912 by a reduced plurality. This year the Democrats claim they are presenting a united front and are predicting a clean-cut victory. The Republicans on the other hand, believe they will retain control.

Keen political observers are anticipating a very close race.

The national administration has taken an interest in the Tennessee campaign. A number of speeches in support of General Rye have been made by two members of President Wilson's Cabinet—Secretary of State Bryan and Josephus Daniels, Secretary of the Navy. The Tennessee delegation in Congress has taken an active part in the pre-election fight. The Tennessee Legislature is expected to remain Democratic.

ELECTION OF GOVERNORS IN SEVERAL STATES

In addition to Tennessee, Governors are to be elected in Alabama, Georgia, Oklahoma, South Carolina and Texas. There are four Democratic nominees in Alabama and Oklahoma, and no less than five parties have made scattering nominations in Texas—Democratic, Republican, Progressive, United States Senator, and the Texas Democrats have made nominations for all offices.

In Alabama the customary Democratic victory seems to be conceded, both as to the election of the State Governor, headed by Charles H. Houston, and the selection of Representative Oscar W. Underwood as United States Senator. To all out the unexpired term of the late Senator Johnson. The Democrats are confident, claiming all the congressional seats, there being only slight opposition in the Sixth District, with the exception of the Seventh District, where Stephens, Republican, is making a hard fight to obtain the seat held by Representative John L. Burnett.

CAMPAIGN IN GEORGIA DEVOID OF INTEREST

The campaign in Georgia has been utterly devoid of interest. Charles McClure, a personal friend of Colonel Roosevelt, entered the United States senatorial race at the eleventh hour against Senator Burke Smith, and has been making a plea for a Progressive victory.

Senator Smith's re-election appears to be certain, however, as is also that of Governor Thomas F. Hardwick, nominated for the governor's office by the house of Congress caused by the death of Senator Bacon.

The Democratic senatorial and congressional nominees in Arkansas, Florida, South Carolina and Texas, have practically no opposition.

In North Carolina there is opposition in several of the districts, and in Virginia there is opposition in each of the ten congressional districts.

Republicans are making their usual fight in three of the Tennessee districts, while in the Fifth District there are three Democratic candidates.

In Louisiana a running fight is going on in the Third Congressional District between the Democrats and Progressives. The Democrats say the result will be close, and the Progressives claim a victory.

Leading Democratic candidates for Governor, have gone into the district, and the Progressive campaign there was featured by Colonel Roosevelt's visit to the district. In the contest of the sugar beet, the Progressives claim Democrats are going to vote with them, because the administration took the duty off sugar. Sunday has been the principal working day of the speakers, thirty-seven meetings being held on one Sunday recently.

DEMOCRATS CLAIM CLEAN SWEEP IN OKLAHOMA

Despite the strong campaign waged by the Republican party for the State ticket in Oklahoma, conservative Democratic candidates are expected to win their tickets. The one exception made is in the Eighth District, where it is conceded Dick T. Morgan, Republican, will be re-elected to Congress. Senator Thomas P. Gore is expected to be returned to the United States Congress by a big majority. The Progressive party in Oklahoma is making a strong bid for support this year, with State and congressional candidates in the field for nearly all State and congressional offices.

The Socialists also are working actively for a full ticket. In the State offices, the principal fight is being waged between John Fields, Republican candidate for Governor, and Herbert L. Williams, his Democratic opponent.

The only important contests expected in Texas are on four constitutional amendments. These amendments are: Initiative, referendum, and recall; increasing the pay of State legislators; issuing bonds for improvement of districts, and permitting Gulf cities to build sea walls. Some opposition to the initiative amendment has developed, because, after adoption, it must be put into effect by a statute to be passed by the Legislature. Opponents claimed there was no guarantee that the Legislature would write an effective law.

Although five parties are represented on the ballot, the prospects are that precedent will be followed, and all Democratic candidates be elected. In about half of Texas counties the voters have been asked to express an opinion on the advisability of cotton acreage reduction.

SEVENTY LOST IN WRECK

Those Still Remaining on the Rollins Rescued by Motor-Boat.

WHITBY, November 1 (via London, 5:30 P. M.).—A motor lifeboat to-day rescued the fifty persons still remaining on board the wreck of the hospital ship Rollins, which went on the rocks a few days ago.

The sea was still heavy, but wreck oil, poured on the water, subdued the waves sufficiently to enable the transfer of the exhausted men. In all, seventy persons were lost in the wreck. Those saved from the ship total 148.

LORD NAIRNE BATTLE VICTIM

Second Son of Marquis of Lansdowne Killed in Action.

LONDON, November 1.—Lord Nairne, the second son of the Marquis of Lansdowne, Conservative leader in the House of Lords, has been killed in action. He was a major in the First Dragoons and served in the South African War.

Lord Nairne was born in 1874. In 1905 he married Lady Violet Manners, daughter of the fourth Earl of Elliott, who was a former Governor of Jamaica. Since 1910 Lord Nairne had been an equerry-in-waiting to King George.

GERMAN GENERAL STAFF HIGHLY PLEASED

BERLIN (via The Hague and London, 3:15 A. M.). November 1.—The German general staff was highly pleased with the results of Friday's fighting. The announcement that the allies had been thrown back across the Aisne, near Soissons, and that the Germans had reached positions to the west of Verdun, was described as the most promising news received for some time.

The sea was finally started the stone rolling," said one officer.

Major Morant, military correspondent of the Berliner Tageblatt, points out that Soissons is the point on the long battle line that is nearest Paris, being only fifty miles distant.
